Construction projects have begun on US Highway 81 and ND Highway 91

Construction has begun on US Highway 81 from North Junction 66 to West Junction 5 near Hamilton and on ND Highway 91 through the town of St. Thomas. Work consists of preventative maintenance and installation of rumble strips.

During construction:

- Speeds will be reduced
- A width restriction of 12 feet will be in place
- Flaggers and pilot cars will be present in the work zone
- Oil may be present on the shoulders of the roadway
- Motorists may experience delays

This project is expected to be completed by mid September.

The traveling public should use caution when driving through the construction zone. Motorists should allow extra distance between their vehicles and the vehicles in front of them, use extra caution and obey flaggers and posted signs.
